

## **Multiple Hematology Sample Submission**

- **Diagnostic Cases**

Requests involving more than 20 samples per case or per farm require 24 hours notice.

- **Herd Profiles**

The laboratory will be able to do profiles on herds. In view of the expense involved it is important that one carefully selects the profiles and the specific tests required.

- **Research Projects**

Projects involving many repeated samples or large batches of samples should be discussed with the laboratory prior to sampling.
